Summary: On June 30, 2004, Martin Mattes of Nossaman, Guthner, Knox & Elliott, LLP, counsel for San Gabriel Valley Water Company (San Gabriel), spoke on the telephone with Belinda Gatti, advisor to Cmmr. Brown. Mattes expressed San Gabriel's support for a compromise approach by which the utility's investments in certain well head treatment facilities would be accounted for as contributed plant and therefore not reflected in rate base while other plant investments would be allowed in rate base pending reviews of relevant legal issues in San Gabriel's next general rate case. Mattes also expressed concern about a misleading reference in the alternate decision of Cmmr. Brown to a surface water treatment facility that was not included in San Gabriel's priority list of capital projects and suggested a few minor changes in the alternate.
